Trusty Sheds 

In this short booklet, you will learn just how easy it is to add more income by firstly assisting your clients to make the right choice of size and style of shed, to then quoting and selling the first of many Trusty Sheds. The options are endless and giving your clients great service from the beginning is the first step in a successful Trusty Sheds Agency.

You will learn how easy it is to get clients, how to find out their requirements and work out your quote. It's a win win win situation. Your client gets a great shed, you get a great reputation and you get great profit in your pocket.

Reason 1

More money for less work.

Let's face it. Concreting and building is hard work. And we're all getting older. You owe it to yourself to have another stream of income that allows you to generate more money without any of the back-breaking work normally associated with this kind of job. Its "easy on your body" money. Besides, when you sell a shed, you have just generated more income for your existing business by doing the concrete and/or build anyway. Isn't it time to get off the tools?

Reason 2

Trusty Sheds make it easy!

It just doesn't get any better than this.

With our simple system, even your most junior staff member can get the necessary information from the client to allow you to put together a professional shed quote.

Our easy to follow templates take all the guess work out of quoting the right building.

Quote requests come from the same places as your existing business already does. Phone calls, emails or walk in off the street requests generated by all the stuff you are already doing. Phonebook ads, car and site signs, brochures, websites and whatever else you usually do.

Our Trusty Sheds website, facebook page and 1300TRUSTY phone number all add to sales.

Reason 3

We do the quoting for you.

How's that for awesome? All you need to do is fill in the details on our easy to follow template, scan and send to our helpful support staff. You'll generally have your quote back within 24 hrs if not the same day. While we're doing that, just put the rest of the quote together, then email it all off when the shed kit quote comes in.

We order and look after the money. No outlay to you.

You don't have to outlay a cent. All you need to do is forward along the kit invoices. We do the rest. You charge and get paid by the client directly for the concrete and build and we send you your commission on the kit sale on the 7th of the month. It's that easy.

Reason 5

You have one life. Live it.

The bottom line is money gives you choices. Nicer home, better car, great holidays. For you and the special people in your life. Do you want to give them more. Do you want more for yourself. Do you want to do it easier than you are now. What are you doing today to make it all a reality. Call us now and see how we can make a difference in your life NOW.
